

I am sending you this host packet for your consideration regarding hosting an Instructor Certification Course for the SABRE Personal Safety Academy (PSA).

The following logistics are required by SABRE Host agencies: the classroom, white board, TV/DVD, LED Projector, and audio video support needed. The classroom must be large enough to host at least twelve (12) students. A safe area for SABRE Inert Training Unit Deployment Drills must also be provided. Host agencies must also provide safety glasses for up to 12 students and one (1) face shield for practical training drills.

In return you will receive a free slot for the courses we are conducting at your facility. We will need a minimum of 8 paying students for these classes and for you to receive the free slot.

Please give us a **minimum of 2 different weeks** for these courses to be conducted. The hostquestionnaire in the back of this packet needs to be filled out and emailed to the Personal Safety Academy Coordinator at PSA@SabreRed.com.

Thank you for your interest in hosting a SABRE Instructor Certification Class.
