

Safe Escape™ 3-in-1 Car Escape Tool

AS-AET

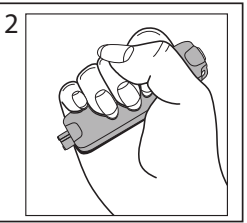

What does SABRE Safe Escape™ 3-in-1 Car Escape Tool do?

- This product is designed to facilitate the escape from a vehicle in the aftermath of a car crash. Keep safety tool within arm's reach

How do I use the tool to cut my seat belt?

- Pull seat belt tight at waist or chest.
- Pointing the safety tool downward, slide the seat belt into the seat belt cutter on the front of the tool and cut downward away from you.
- Release other passengers, small children first, from their restraints.

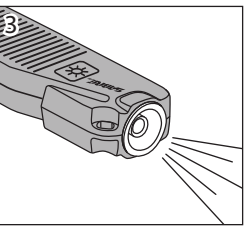

How do I use the tool to break my car window?

- Grip safety tool in your fist with the glass break pointing downward.
- Place safety tool against the glass in the corner or edge of the side window for optimal results.
- Press down firmly and the spring mechanism will activate, shattering the glass.
- **DO NOT** hit the safety tool on the glass. **Instead, push firmly into the corner of the glass to shatter the tempered glass door window.**

IMPORTANT:

- Intended for use only with tempered automobile door window glass in an emergency. Device will **NOT** break windshields or other windows made of laminated glass.
- To determine your glass type, look for a permanent marking on the bottom corner of the automobile glass, or consult your owner's manual. AS1 stands for laminated glass and AS2 stands for tempered glass. The glass breaker should only be used when necessary.
- Multiple tries may be necessary depending on individual strength.
- Protect your eyes and face by shielding them with your other hand, and advise other passengers do the same. Once the glass is shattered, remove the remaining glass around the window edges for safe exit.
- **DO NOT** attempt to use on the front windshield or rear window – use on side windows only.

How do I use the LED Flashlight?

- Press the light button once to activate the flashlight mode. The flashlight will emit a bright beam, ideal for illuminating dark areas such as a car interior during the night.
- Press the button again to switch to strobe mode. This mode is useful for emergency signaling or drawing attention.
- To turn off the flashlight, press the button a third time.

BATTERY LIFE

- Flashlight Mode: Approximately 70 minutes of continuous use.
- Strobe Mode: Approximately 130 minutes of continuous use.

Safety Precautions

- Keep out of reach of children: This tool contains sharp edges and could pose a risk of injury if used improperly.
- Regularly check the tool for any visible defects or damages. If you notice any issues, discontinue use immediately and replace the tool.
- Store the tool in a dry, cool location, such as **inside your center console compartment**, for easy access during an emergency.
- The tool is designed for emergency use only. Do not use it for any non-emergency applications to avoid unnecessary wear.

⚠ WARNING

Prior to use, you **MUST** read these instructions and warnings & visit www.sabrered.com/safetytips to see if any additional instructions or updates exist to either read or watch via a video. **NO** personal safety product, including this product can guarantee your safety in an emergency. Failure to use properly could result in the inability to escape safely. Use counter measures if necessary.

Product Disclaimer

- When using safety tools, basic safety precautions should always be followed to reduce the risk of injury and/or damage. Read all instructions before using this tool! Security Equipment Corporation is not liable for injury, theft, or any other emergency or circumstance emerging as a result of incorrect use of this product. In some extreme cases it may not be possible to escape from your vehicle. There is no guarantee that this tool will prevent serious injury or death. It depends on the severity of the incident and actions/reactions of the person affected. This product is a safety tool designed specifically as a potentially life-saving device and should be used in emergency situations only. Keep away from children. Children should not play with this product. This product is not a toy! Do not strike the product on metal, rock, wood or similar hard surfaces. Do not alter this product. Do not use this product for other purposes. Always protect your face while breaking a glass window with this product. Protect yourself and other passengers from shattered pieces of glass that may be thrown around because of the impact. Please rationally assess the severity of the accident and judge whether or not the use of this product is justified.
- Warning: Used cars may have replacement windows made of unknown materials. In such cases, the car's user manual will not be helpful in identifying the type of material. In this case please seek advice from an auto dealer or a repair shop.

LIMITED WARRANTY: This Safe Escape™ 3-in-1 Car Escape Tool is under a one-year warranty. If this product fails to work due to a manufacturing defect, return it to Security Equipment Corporation for a replacement. Proof of purchase and return authorization is required. This warranty does not cover products which have been abused, altered, or damaged. TO THE EXTENT PERMITTED BY LAW, SECURITY EQUIPMENT CORPORATION DISCLAIMS ALL OTHER IMPLIED OR EXPRESSED WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE.

LIMITATION OF LIABILITY: This limited warranty is your sole remedy and SECURITY EQUIPMENT CORPORATION shall not be liable for any damages, whether direct, indirect, incidental, special, consequential, exemplary or otherwise, including lost revenues and lost profits, arising out of any theory of recovery, including statutory, contract or tort. In no event will SECURITY EQUIPMENT CORPORATION'S entire liability exceed the purchase price of this product. Some states and provinces do not allow the exclusion or limitations of incidental or consequential damages so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state and province to province.
