Easy Installation • Wireless Alarms • No Monthly Fees
Standalone Alarms

Standalone Alarms from SABRE are a great solution to help protect homes, offices, apartments, dorm rooms, and hotel rooms. All of these alarms include a built in siren making them a simple to use, economical solution to securing doors, windows, and more. Be alerted when doors or windows are opened, windows are tampered with or movement is detected.

In Addition to Helping to Secure Homes, Standalone Alarms are Great for Securing Spaces that Might Not Work Well with Traditional Alarms such as: Offices, Apartments, Dorm Rooms, and Hotel Rooms

- Compact Design for Convenient Placement
- Allows You to Trigger Panic Feature, Change Security PIN, Manage Alarm System, Tests the System & Add Devices
- Installs in Minutes
- Requires 2 x CR2032 Batteries (Included)
Introducing... The Next Generation in Wireless Home Alarms

Gen 1 wireless alarms — such as the SABRE WP-100 — do not automatically call out to others when an alarm is triggered. Gen 2 wireless alarms require a landline for outbound notifications — this can be an issue as more and more households do away with a traditional land-based phone. Gen 3 wireless alarms — such as the SABRE WP-300 — are Wi-Fi and cloud enabled; they can be controlled via a smartphone app and send push, email and text notifications when the system is triggered.

Home Alarm Siren / WP-IS
- Powerful Siren Sounds When Signaled by the WP-100 Wireless Home Alarm System
- Add Additional Siren to Increase the Volume of Your Home Alarm System
- Installs in Minutes — Indoor Use Only
- Requires 240V Main AC Adaptor (Included)
- Battery Back UP & Low Battery Indicator
- 3 x AAA Back Up Batteries (Not Included)

Wi-Fi & Cloud Enabled Wireless Home Security System / WP-300
- Notifications Instantly Sent to Your Smart Phone
- Control System with Smart Phone
- Fully Expandable System with WP-300 Add-ons
- No Monthly Monitoring Fees
- Easy to Set Up & Use
- Totally Wire-free
- App Controlled
- Cloud Enabled
- Smart Touch Panel
- Push Notification, SMS, Email
- Two-Way Sensors
- Professional Grade System
- User-friendly, Intuitive Interface
- Heart-beat enabled sensors keep users constantly updated on the status of their homes

Kit Includes:
- 1 LED Illuminated LCD Display Smart Panel with AC Adaptor
- 1 Motion Sensor with Swivel Mounting Bracket
- 2 Door / Window Sensors
- 1 Key Fob Remote Control

Key Fob Remote Control / WP-KFRC
- Provide Additional Control of your SABRE Wireless Home Security System with this Key Fob
- Compact Remote Control for WP-100 Wireless Home Security System
- 4 Button Remote Includes 3 Modes (Arm/Disarm, Alert, Home)
