

# HOME SECURITY

*the essential checklist*

\_\_\_ Don't let flyers, newspapers and mail pile up when you're away

\_\_\_ Take care of your yard (cut the grass, trim the bushes)

\_\_\_ Out of town in the winter? Have a neighbor leave tracks in the snow

\_\_\_ Install a home security system ([www.sabred.com](http://www.sabred.com))

\_\_\_ Don't hide your extra key in the predictable places (under a rock, flower pot, etc.)

\_\_\_ Use a TV Light Simulator to make it look like you're home
